Attendees constitute some of the most influential voices statewide. FPP is the premier place for companies to spark interest with and gain insight from pediatric care leaders, and delivers value to anyone who partners with the event in person or virtually. The Future of Pediatric Practice is a must-attend event, year after year, for any organization that provides services or products related to pediatrics.

THE FLORIDA PEDIATRICIAN

FCAAP's peer-reviewed journal, The Florida Pediatrician, is published quarterly by the Chapter's Editorial Board. The journal includes scientific articles, case reports, legislative updates, and other information relevant to pediatricians, pediatric specialists, and pediatric allied health practitioners in Florida. The Florida Pediatrician website is indexed on Google Scholar, and FCAAP members receive the journal each quarter. The journal is also available to non-members and is frequently shared by authors with their supervisors, staff, and faculty.
